BUDGET FROM BEAUMONT.

A Big Barge for Transporting Oil Is Under Construction.

TWO MEN WERE HURT IN A FIGHT

One Man Used a Gun, but Was Badly Beaten by His Opponent—Notes and Personal.

Beaumont, Texas, September 28.—The largest barge ever built in the local shipyard is under construction at Captain Eckhoff's plant on the river. The barge, which will be known as barge No. 2, is 140 feet long by thirty-one feet six inches beam and is ten feet deep. Twenty oil tanks or compartments will be built in the barge and the capacity of the tanks equal that of a train of cars. The new barge will be ready for the water on Wednesday of next week if nothing happens to upset the calculations of Captain Eckhoff.

The new barge is much larger than the barge No. 1, which was launched about three weeks ago. This barge was 130 feet long, and contained only six oil tanks.

A large crew of ship carpenters and caulkers will be at work all winter in the yards of Captain Eckhoff, as a number of barges are to be built.

Carpenters are at work on a new building which will be used in the ship yard as a store house and machine shop. The new equipment is to replace that which was destroyed in the fire which swept over the yard some time ago. A large crew of men is now employed in the yard.

A Difficulty.

Beaumont, Texas, September 28.—About 6 o'clock this morning two men engaged in a quarrel in a saloon, and as a result one man was hauled to the hospital and the other to the county jail.

Tom Moseley, who says that he hails from Edinburg, Ark., attempted to defend the South as opposed to the North as a place of residence. Arthur Wallace, who favored the Northern climate, accused the wretch of Moseley and the men clinched. Moseley drew his pistol from under his pillow when he saw the trouble coming and fired almost as soon as the fight began. The other workmen took Moseley's gun away from him and Wallace, who was not seriously wounded, jumped on his opponent and gave him a fearful thrashing. Moseley, who was only 18 years old, was picked up and slammed down on the floor. His face was bruised and his head was bleeding. Sheriff Landry arrested Moseley and placed him in jail. Wallace was taken to the hospital. Wallace's head was dressed. The ball struck Wallace's breast, but glanced off and did not make a dangerous wound. Dr. Barr had finished the dressing of the injury the man was allowed to leave the hospital.

Sheriff Landry this afternoon arrested and jailed Arthur Wallace, who was shot by Moseley. It was necessary to call the county physician to dress Moseley's injuries. Of the two men he seems to be the more severely injured.

Local Notes.

Beaumont, Texas, September 28.—Mr. and Mrs. Bain Price have returned from their bridal tour to Buffalo.

D. E. Chapin and bride arrived in the city last night from New Orleans.

Sam J. Farjo of Crowley was in the

ENORMOUS SHIPMENT OF SILVER.

Trainload of the White Metal in Transit to Pueblo Furnaces.

The Houston and Texas Central railroad was engaged yesterday in handling the largest shipment of silver ever made in this country and the largest shipment of any one commodity that the Central has ever been called on to handle. It required 400 cars to handle the shipment, and in order to provide the necessary rolling stock all the available cars of half a dozen railroad systems were impressed into service. The silver was being conveyed to the furnaces at Pueblo, Colo., and is expected from there to Pueblo via the Rio Grande, Houston and Northern to Houston, over the Houston and Texas Central railroad from this place to Fort Worth and via the Fort Worth and Denver City railroad from the latter city to Pueblo. The value of this enormous shipment of the white metal is estimated at several million dollars, and the cost of transporting it from Galveston to Pueblo will exceed \$50,000.

TWO ARRESTS MADE

For Failure to Have Licenses for Selling Liquor.

Sheriff A. B. Anderson yesterday caused the arrest of W. C. Woodard and William Brazier on charges of parading the occupation of liquor dealers without paying occupation taxes. The men were subsequently released on bond. Woodard, so it is claimed, has been running a place at the corner of Milam and Washington streets. Brazier has charge of the New Orleans house at the corner of Louisiana and Preston streets. It seems that former proprietors at both places had Federal licenses, but that these are not transferable and for that reason not available for the needs of the new management.

TO INSPECT GROOVED RAIL.

A Committee of Aldermen Goes to Dallas for that Purpose.

A committee of aldermen, consisting of Aldermen Thompson, Thomas, Rice and Bennett, embracing the street and bridge committee of the council, left last night for Dallas to inspect the grooved rail used by the Southern Pacific Railway company in that city on the streets paved with asphalt.

A POLICEMAN SHOT.

Negro Emptied a Load of Buckshot into His Side.

Huntsville, Texas, September 28.—Marshall T. H. Rountree and Special Policeman Hill Gates went out to the edge of town last night to arrest a negro named Granson Allen, who had made threats during the afternoon that he would burn the home of Mr. Rountree and kill him and his wife. Marshall Rountree had had trouble with the negro about fast driving and this gave rise to the threats. In attempting to arrest the negro Marshall Rountree approached the front of the house and knocked while Policeman Gates waited around to one side; as he passed a window the negro shot him with a load of buckshot, which passed through the left side of his body just below the arm. The wound is considered a very dangerous one.

TWO ARRESTS MADE

For Failure to Have Licenses for Selling Liquor.

Sheriff A. B. Anderson yesterday caused the arrest of W. C. Woodard and William Brazier on charges of parading the occupation of liquor dealers without paying occupation taxes. The men were subsequently released on bond. Woodard, so it is claimed, has been running a place at the corner of Milam and Washington streets.
